Note: The amount of funding support will be assessed and determined on the merits of individual funding applications. Those applications with applied budget exceeding the amount of funding allocated for the respective project type will not be considered.

Notes for Funding Applications for Installation of Demonstration Facilities

From 2017/18 onwards, **EE&CA Projects are no longer categorized into “General Projects” and “Demonstration Projects”**. Applicant organisations may, based on their project objectives and target participants, submit applications that comprise both environmental education activities and installation of demonstration facilities as necessary.

For applications to install demonstration facilities at premises **with on-going former Demonstration Projects/Minor Works Projects funded by the ECF**, all these on-going projects must be completed (i.e. with the EE&CA Vetting Sub-committee’s endorsement of the Completion Reports submitted by the project organisation for the projects concerned) before the closing date of 27 May 2019 (Monday) of this round of application invitation. Otherwise, the new application for demonstration facilities to be installed at the premises concerned **will not be processed**.

Proposed demonstration facilities should have education elements together with substantial education activities. **The maintenance issues should also be taken into consideration**. Besides, applications for installation of **energy saving items and procurement of prefabricated aquaponics system would generally not be supported**.

If an application involves the installation of solar photovoltaic (“PV”) system, schools (except Government and profit-making schools) and welfare non-Governmental organisations (“NGOs”) which are receiving recurrent subventions from the Social Welfare Department (“SWD”) are eligible to apply for the “Solar Harvest - Solar Energy Support Scheme for Schools and Welfare Non-Governmental Organisations” (“Solar Harvest”) launched by the Electrical and Mechanical Services Department (“EMSD”) in March 2019. For more details, please refer to: <https://re.emsd.gov.hk/english/gen/4S/4S.html>

For school applicants, if an application involves the installation of food waste composter, school applicants are encouraged to participate in the next round of the “Programme on Provision of Small Food Waste Composters at Schools”. Details for the invitation of the Programme will be announced later.

HOW TO APPLY:

The latest Guide to Application for EE&CA Projects and Application Forms have been uploaded to the project website. For application of “Clean Shorelines Small Scale Projects”, please fill in the specific application form. **Applicants are STRONGLY ADVISED to read through the Guide to Application before submitting your applications. For applications with proposed installation of demonstration facilities, Appendix I of the Application Form must also be completed.**
